A fine celebration of excellence in business at the Port Hope Lions Centre.

Did you know?

1. The nomination packages are reviewed based on a scorecard attached to the criteria being asked for.
2. The more detail and evidence of criteria provided in a submission the higher score the nomination package will receive.
3. The Selection Committee scores the packages individually and then meet to compare their scores and determine which business best meets the criteria in the year being evaluated for that category.
4. The selection committee includes the Chamber President, a past board member and 2 other active members of the Chamber of Commerce.
5. Members of the Selection Committee never evaluate a category that they have been nominated in.
6. Staff at the Chamber collect the information and act only as facilitators of the process.

If you have any questions, please contact Chamber CEO Brenda Whitehead at brenda@porthopechamber.com
